## Quantum vmPRO Products: How can I find the Product Serial Number?

## From the Quantum vmPRO Software GUI

1. Go to the **Configure** menu and select **Config Wizard**.

2. Select Licenses. The serial number is shown in the UUID field.

		Quantum vmPRO Configuration Wizard				×
		Licenses				
Þ	Licenses	UUID	Feature Description	Email Address	Expiration	Actions
1		1A2B3C4	vmpro (10 sockets)	user@quantum.com	Sep 08 2012	*
	SmartMotion	-				
		Update Licenses from Support Site Ad		d License Manually		
	Dannete & Alarte					

## Quantum vmPRO DXi GUI

To find the system serial number from the DXi GUI, navigate to the Home page. The serial number appears in the **Serial Number** line.

## **Physical Label**

The system serial number can be physically found on a label on the back of the server, or on the pull-out tab in the front.
