PX 720: Finding the Product Serial Number

There are several ways to find the product serial number for a PX720 library:

- Physical Location
- Operator Control Panel
- <u>Remote Management Interface</u>

Physical Location

The product serial number is displayed on a physical label, as shown below. Open the back door and look at the label on the lower right side of the door. In this case, the S/N is **FL0409AJB00076**.

Operator Control Panel

To find the product serial number from the Operator Control Panel (OCP):

1. From the **Home** screen, press the **Menu** button.

Remote Management Interface

To access the PX720 Remote Management Web pages and find the serial number:

- 1. Open an Internet browser on the host computer.
- 2. In the Address field, type:

http://IPaddress/

where IPaddress is the IP address for the PX720.

3. Enter your username and password and click **OK**. You will see the **Overview** tab of the **Status** page (only the top part of the screen is shown here):
